

**LOUISIANA CONSUMER USE TAX**

R.S. 47:302(k)

If you purchased goods from out-of-state companies for use in Louisiana and were not properly charged Louisiana state sales tax, Louisiana Revised Statute 47:302(K) requires you to file and pay a Consumer Use Tax directly to the Louisiana Department of Revenue.

Individuals who operate a business and qualify as a dealer under Louisiana Revised Statute 47:301(4) and are required to be registered for sales tax, may not use this consumer use tax return to report their use tax. The tax must be reported on the dealer's state and local sales tax returns.

The Louisiana use tax was enacted in 1934 to prevent retailers located out-of-state from having an unfair competitive advantage against in-state retailers who have to charge the sales tax. Individuals in Louisiana are responsible for paying use tax on an out-of-state purchase when the item purchased is subject to the Louisiana sales tax and the retailer making the sale does not collect sales tax on the sale. Items that are subject to sales tax include computers and other electronic equipment, canned software, books, audio and video tapes, compact discs, records, clothing, appliances, furniture and other home furnishings, sporting goods, jewelry, etc. Out-of-state retailers include mail-order companies, television shopping networks, firms selling over the Internet, and retailers located outside Louisiana.

The Louisiana use tax is calculated at the rate of 8 percent. This 8 percent rate, which includes 4 percent to be distributed by the Department of Revenue to local governments, is in lieu of the actual local rate in effect in your area, and is payable regardless of whether the actual combined state and local rate in your area is equal to, higher than, or lower than 8 percent.
